

PRODUCT SPECIFICATION SHEET

Eastwood 1-Ton Capacity Gantry Crane

PRODUCT OVERVIEW

The Eastwood 1-Ton Gantry Crane is designed to quickly, easily, and safely lift heavy components. Ideal for removing bodies from chassis, pulling engines from vehicles, or mounting car bodies on rotisseries. Features heavy-duty all-steel construction with adjustable height and 5-inch swivel casters for complete portability. The generous 93-inch span accommodates large vehicles and projects.
